

Creating Your Own Blog/Website

Major Project

Presentation by Biswajit Swain

1. Recommended an appropriate WordPress plugin for each of the given scenarios:

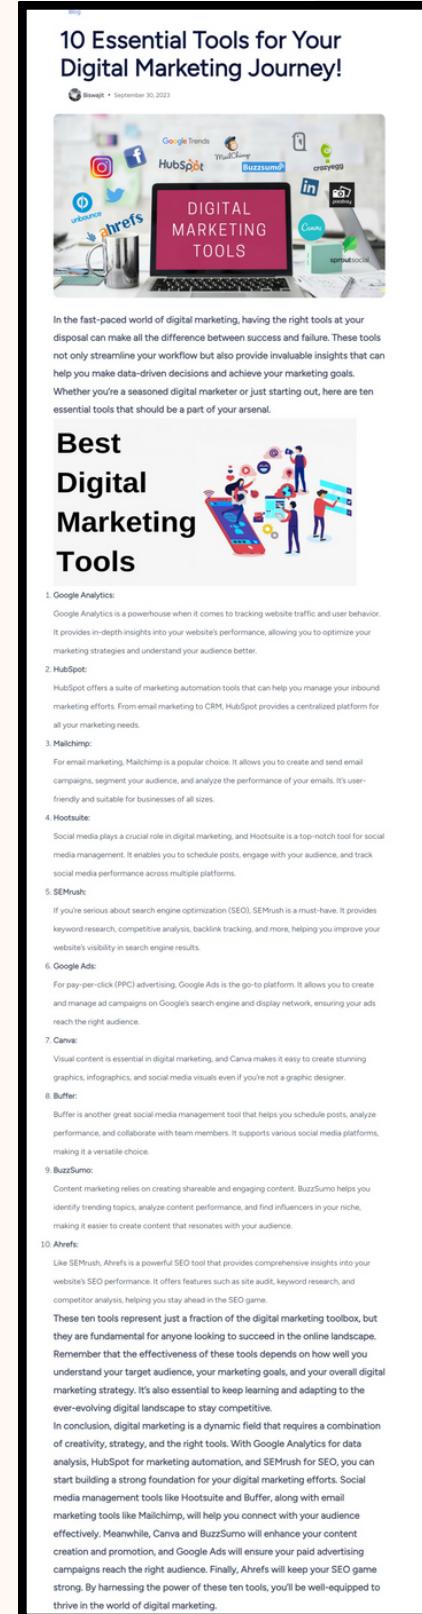

- a) Create a contact form : **WP Forms.**
- b) Perform on page SEO : **Yoast SEO.**
- c) Avoid spam on your website : **Akismet Anti-Spam.**
- d) Import ready to use templates : **Elementor.**
- e) Add a chatbot : **Tidio Chat.**

2. Write and publish a blog post on any one of the given topics. Add the link to your blog post.

Ans. I have chosen a topic on “**10 Essential Tools for Your Digital Marketing Journey**”

Link provided below on this title. 

I have chosen a topic on “10 Essential Tools for Your Digital Marketing Journey”

3. Choose any one landing page from below and try it to replicate it as much as possible using Elementor. Install relevant plugins and templates that are required. Attach a full-page screenshot of your landing page along with the link.

Ans. I have chosen a topic on “Smart Watch”.

Link & full-page screenshot is provided below on the next slide.
